

# COVID-19 Update

March 20, 2020

## Outpatient Diagnostic Center Hour Change

March 20, 2020

Beginning March 23rd, the Outpatient Diagnostic Center will reduce operational hours. The ODC will be open **Monday through Friday from 6 a.m. to 2:30 p.m.** and will be closed on Saturdays and Sundays.

Additionally, in an effort to continue mitigation of possible COVID-19, patients presenting to the ODC will go through a screening process.

If patients exhibit flu-like symptoms they will be provided with a mask and directed to the hospital to have their testing completed. All other patients will have their testing completed at the ODC.

Also beginning Monday, outpatient testing hours at the hospital will be reduced. Outpatient testing will be available **Monday through Friday from 6 a.m. to 6 p.m.** and on **Saturdays from 6:30 a.m. to noon.**

All of these efforts are part of our developing organizational strategy to keep patients and staff safe as we continue to make process changes to combat the possible spread of COVID-19.
