

TOBACCO FREE CAMPUS

To protect our patients, visitors and staff from the harmful effects of secondhand smoke, smoking is not permitted anywhere on Uniontown Hospital property. All Uniontown Hospital facilities and grounds, including parking lots and other outdoor locations such as Uniontown Hospital owned sidewalks, are tobacco free. Uniontown Hospital has no designated smoking areas.

If you choose to smoke, you cannot do so on the Uniontown Hospital campus.

UNIONTOWN HOSPITAL

is proud to announce that we will be moving to an entirely tobacco-free campus and to a tobacco-free shift for all employees on

MARCH 1, 2015

"This policy is something that is important to us because it represents a commitment to ensuring the best health for our patients, their families and for our staff."

"We are dedicated to making a healthy difference in every life we touch. That's not just a motto. It's our heart. We want to create an environment where respiratory discomfort from cigarette smoke is never an issue – not just for those using the product, but for those who are often forced to endure its unpleasant effects. We want to be the standard by which good health is measured."

Steve Handy
CEO, Uniontown Hospital
